

K-LOVE, a radio station, is the only radio station I listen to in my car. It serves as my stress reliever, energy booster, and encourager. I am a college student. I would say that 3 out of every 5 of my friends continually listens to K-LOVE. If this station were to be taken off the air, we would all be enraged. This station provides a wholesome, family-friendly place for us to tune in. If this station were to be taken off the air, the children we babysit, our friends, and ourselves would have to subject ourselves to the other, commercial-filled, trash that is on the air today. I can't change the station because there may be a song about sex, drugs, or alcohol on the other station. I do not want to hear that and I certainly do not want the 8 and 12 year olds that I babysit to hear that filth. To take this station off the air would be a SERIOUS mistake. Thank you for your time.
